

GO International

GO Team Action Plan

How do you set up a GO Team?

Step 1: Order the outreach tool for your country at www.gospel-outreach.org/gotools. Start sharing the Gospel yourself regularly. Go to www.gotrainingcourse.com for help with this.

Step 2: Look for other keen people who you can work with and offer them the online training course and the opportunity of joining your outreach

Step 3: Form a GO Team (Gospel Outreach Team) and launch out with the Gospel into your community and beyond

Step 4: Contact us to get linked into the GO Network

GO International

Keys to Keep a GO Team Going

1. At least 1 person needs to be totally committed to the outreaches and willing to turn up even if no one else does
2. Have a variety of places to go for outreach as this will help prevent boredom for your team
3. Make sure you don't burn out those attending by having too frequent or long outreaches
4. Look into good areas for outreach (sheltered area in case of rain, lots of people, seated areas etc)
5. Set out a longer term plan with locations booked in so people can plan in advance
6. Meet before the outreach for prayer and after for testimonies and fellowship but don't drag these times out
7. Ask those attending to look out for others who may want to join in too
8. Offer training to new people and be positive and encouraging

Vision and Strategy

Gospel Outreach Teams Multiplying Worldwide

Step 1

A local GO Team saturates their local area using all means (Gospel literature, 1 on 1 conversations etc)

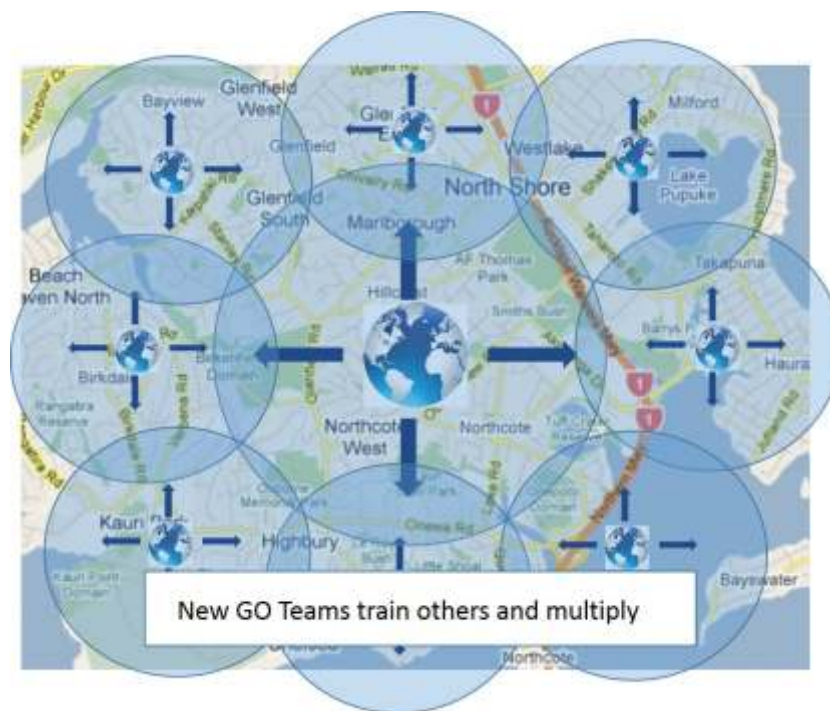

Step 2

Step 3

Step 4

Long Term Vision: GO Teams Multiplying Worldwide
